DETAILED ACTION

Response to Amendment

1. Applicant's amendment filed August 9, 2004, has been entered. Claims 15, 41-44, and 47-49 are amended as requested. Claims 1-14, 16-40, 45, 46, 50, and 52-59 are cancelled. Thus, the pending claims are 15, 41-44, 47-49, and 51.
2. Said amendment places the subject matter indicated as allowable in section 11 of the last Office Action (April 13, 2004) in independent claim 15.
3. An updated search of the prior art has produced references US 3,922,454 issued to Roecker and US 5,030,497 issued to Claessen. However, the present claims are still deemed patentable over the newly cited references since said prior art does not teach or fairly suggest the present claim features of a secondary backing fabric comprising support fabric of an open leno weave fabric of tape yarns in the warp direction and either tape yarns or spun yarns in the weft direction, wherein said support fabric is thermally bonded or needled to an adhesive, spunbond or self-bonded, nonwoven fabric comprising thermoplastic continuous filaments. Hence, claims 15, 41-44, 47-49, and 51 are allowed.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
